High School Senior Portraits

Whether you need just a quick session to get your senior portrait for the yearbook done or wish to spend time capturing a bunch of cool lifestyle images, I am your photographer. I love to spend time getting to know my clients and customize their photo shoot. When you call or meet with me in person, plan on spending a few minutes discussing your goals and visions for what you want to do with your pictures.

Be sure to check out my portrait suggestions on my website for ideas on make-up, hair styles, and outfits. You are encouraged to set up a time to stop by the studio to see samples of products.

~Sessions Choices~

First decide what you want to do with your final images and what kind of portrait you want to have. Are you mostly interested in simply getting a CD full of digital images so you can print them as you wish? Do you want to have fine art or prints for your home or to give as gifts? Are you looking to have a large print fill a specific space on your wall? Do you want to purchase a mix of prints and digital images? Do you wish to spend a lot of time getting that perfect lifestyle image? Call me today to discuss what you envision for your final portraits and what you are wishing to accomplish!

Limited Edition Session \$50

Designed for those who want to have a quick shooting session and generally only want prints.

Up to 30 minutes in the studio (one backdrop) or one outdoor Parker location.

One outfit, no props, generally 10-15 images to choose from.

The Guarantee

If for any reason you are unhappy with my work and I cannot make you happy then I will gladly refund 100% of your session fee. Once you have paid for an order and the images have been sent to the lab for printing, your payment is no longer refundable. Due to the nature of current technology, I cannot refund your money if you purchased digital images and you have taken receipt of the CD or a digital download of any image.

The Fine Print

Samples of all products can be seen in the studio. Unless otherwise specified, prints larger than 11x14, storyboards, and all canvas prints will be mounted on backer board for ease of framing/mounting and Lustre coated to increase longevity. Digital images are provided as high resolution jpegs with non-commercial printing rights to make unlimited numbers of prints. Digital images for use in electronic devices and online are provided in a size and resolution that are optimized for web viewing, contain a small watermark, and cannot be printed. Due to quality concerns and your own satisfaction with the digital images that you purchase, it is highly recommended that you use a reputable printer for making prints and avoid discount retailers and personal desktop printers. I can upload your digital images to my recommended professional printing company for you to order prints. Personal checks, all major credit cards and PayPal are gladly accepted. All purchases are subject to 8.1% sales tax. Coupons, discounts, and specials cannot be combined at any time. For your convenience, you can order via email, over the phone, or in person. I reserve the right to use your image for promotional and display purposes. Due to vendor changes and market price updates, all prices above are subject to change at any time.
