Wedding Photography

Every wedding is special, unique, and reflects the personality of the couple. I love to spend time getting to know my clients and customize each wedding package. When you call or meet with me in person, plan on spending a few minutes discussing your goals and visions for what you want from your wedding images. Knowing your personality and style helps me to better capture your image! I would be honored to be your photographer during one of the most important days of your life. Please call me to discuss your plans and wishes and I will be able to put a thoughtful quote together for you.

I also have a Wedding Photography Tip Guide which I created to provide you with valuable insights into getting the most out of your wedding photography. Just ask me for it!

I do worldwide destination weddings too!

My Style

I will capture your wedding day with my contemporary documentary style. Your wedding images will be full of exuberance, elegance, spontaneity, imagination, and creativity.

The Guarantee

If for any reason you are unhappy with my work and I cannot make you happy then I will gladly refund 100% of your fee. Once you have paid for an order and the images have been sent to the lab for printing, your payment is no longer refundable. Due to the nature of current technology, I cannot refund your money if you purchased digital images and you have taken receipt of the CD or a digital download of any image.

The Fine Print

Samples of all products can be seen in the studio. Unless otherwise specified, prints larger than 11x14, storyboards, and all canvas prints will be mounted on backer board for ease of framing/mounting and Lustre coated to increase longevity. Digital images are provided as high resolution jpegs with non-commercial printing rights to make unlimited numbers of prints. Digital images for use in electronic devices and online are provided in a size and resolution that are optimized for web viewing, contain a small watermark, and cannot be printed. Due to quality concerns and your own satisfaction with the digital images that you purchase, it is highly recommended that you use a reputable printer for making prints and avoid discount retailers and personal desktop printers. I can upload your digital images to my recommended professional printing company for you to order prints. Personal checks, all major credit cards and PayPal are gladly accepted. All purchases are subject to 8.1% sales tax. Coupons, discounts, and specials cannot be combined at any time. For your convenience, you can order via email, over the phone, or in person. I reserve the right to use your image for promotional and display purposes. Due to vendor changes and market price updates, all prices above are subject to change at any time.
